A general question that incorporates different matters, without differentiating among them, does not require an answer as said, unless it was reasonable at the time of entering into the contract.
- 2.1.1. A deliberate deceptive concealment on the part of the Insured of a matter that he/she knows is an essential matter, shall be equivalent to providing an answer that is incomplete and dishonest.
- 2.1.2. If an essential matter is answered incompletely and dishonestly, the Insured is entitled, within thirty days of the date on which this became known to it and as long as no insurance event has occurred, to cancel the Policy by written notification of the Insured.
- 2.1.3. If the Insurer cancels the Policy by force of this section, the Insured is entitled to a refund of the insurance fees that he/she paid for the period after the cancellation, after deduction of the Insurer's expenses, unless the Insured deliberately acted deceptively.
- 2.1.4. If the insurance event occurred before the Policy was cancelled by force of this section, the Insurer is not liable, with the exception of reduced insurance benefits at a proportional rate, which is the ratio between the insurance fees that would have been paid as customary in the company according to the true condition and the agreed insurance benefits, and the Insurer is completely exempt in any of the following:
- 2.1.4.1. The answer was deliberately provided fraudulently.

- 2.2. **Validity of the Policy:** The entry of this Policy into effect is contingent upon actual payment of the first premium. This term shall not apply if the Insured provided a means of payment from which it is possible to collect the insurance premium. If the Insurer was paid insurance fees before the Insurer gave its agreement to draw up the insurance, the payment shall not be construed as agreement of the Insurer to draw up the insurance. In this case, the Insurer will, within 90 days from the date of receipt of the insurance fees for the first time, send a decision regarding the acceptance or non-acceptance of the applicant for the insurance, and will send him/her, according to the case at hand, an insurance policy including an Insurance Details Page, or a rejection notice stating that the Insured was not accepted for the insurance and is not covered by valid insurance, or a request for completion of data or a counterproposal for insurance. If the Insurer does not, within 90 days from the date of receipt of the insurance fees for the first time, send a rejection notice as said above or a request for completion of data or a counterproposal for insurance, the Insured will be considered to have been accepted for the insurance under the terms specified in the insurance proposal. If the insurance candidate has an insurance event during the period between receipt of the insurance fees for the first time and the Insurer's decision regarding his/her acceptance or non-acceptance to the insurance, and if, according to the instructions of the Insurer's medical underwriting regarding insurance candidates with similar characteristics, the Insurer would have notified the insurance candidate at the end of the underwriting process of his/her acceptance for insurance (were it not for the occurrence of the insurance event), the insurance candidate shall be entitled to coverage under the Policy for the insurance event, subject to all the other instructions and terms of the Policy.
- 2.3. **Taxes and charges:** The payer or the Insured, according to the case at hand, is required to pay the Insurer the insurance fees and government and other taxes that apply to the Policy or that are charged on insurance fees, on insurance amounts and on any other payments that the Insured is obligated to pay according to the Policy, whether these taxes exist on the date of drawing up the Policy or are imposed at a later date.

The Insured may submit the documents, among other ways, by e-mail, text message or a personal online account.

It is clarified that this does not detract from the ability of the Insured to fully utilize all the rights accorded him/her by force of the Policy at any time in court.

In the absence of a commitment to a service provider or if a balance remains after payment according to the said undertaking, it will pay the balance to the estate or the heirs of the Insured, according to a will probate order and/or according to an inheritance order.
- 2.8.9. The Insured shall not be entitled to insurance benefits that exceed the insurance amount, and the Insurer shall pay the Insured and/or the service providers under agreement up to this amount.
- 2.8.10. If the Insured is entitled to coverage of expenses paid according to this insurance in full or in part in the framework of another policy with another insurance company, the Insurer shall pay its proportionate part of the actual expenditures, according to the scope and ratio of the coverage to which the Insured is entitled from all the insurers. The Insured must notify the Insurer immediately upon the creation of multiple insurance.
- 2.8.11. If the Insured deliberately does something that could prevent the Insurer from clarifying its obligation or burdening it, the Insurer will not be obligated to pay insurance benefits except to the extent that it would have been obligated to do so if this had not been done.
- 2.9. **Medical examination:** The Insurer shall be entitled to demand of the Insured, in a reasonable manner, to undergo medical examinations by a physician on behalf of the Insurer and at the expense of the Insurer or by a physician on behalf of the Insured.
